OAKLAND
Nursing & Rehabilitation Center

May 14, 2020

Dear Residents and Families/Representatives,

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

Our residents and staff's safety remain our top priority and we want to assure you that we are working tirelessly to keep everyone in our community safe. We continue to follow the recommendations of our federal, state and local health officials, including the Centers for Disease Control (CDC) and the Centers for Medicare and Medicaid Services (CMS), to implement enhanced protective measures, such as:

- Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering.
- Residents are continually monitored.
- Housekeeping is performing regular deep cleanings of the facility.
- Staff receives education and wears personal protective equipment (PPE) as recommended by the CDC.
- Group activities have been suspended and staff is providing individual activities for residents.
- We are implementing isolation protocols as required.
- We encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will notify you through our website of newly confirmed cases of COVID-19 as well as when three (3) or more residents and/or staff present with new onset respiratory symptoms that occur within seventy-two (72) hours. We will also update you with any new steps we are taking to prevent and reduce the risk of transmission of COVID-19.

Again, please check our website for more updates and information. If you have any questions or concerns please contact us directly 301-334-2319.

Sincerely,

Sheila Jones-Marino

May 20, 2020

Dear Residents and Families/Representatives,

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

We just finished celebrating National Skilled Nursing Care Week at the center along with Mother's Day. Although events were modified this year due to social distancing practices, we were able to enjoy snacks and in-room activities based on this year's theme of "Sharing Our Wisdom". We kicked off Mother's Day morning with coffee and donuts followed by a delicious lunch of lasagna. Our staff was very creative with snacks by turning english muffins and graham crackers with peanut butter and fruit into wise owls. Residents participated in voting for "mother/child look-a-like photos" of the staff as well as guessing at the "name that baby" contest.

Our residents and staff's safety remain our top priority and we want to assure you that we are working tirelessly to keep everyone in our community safe. We continue to follow the recommendations of our federal, state and local health officials, including the Centers for Disease Control (CDC) and the Centers for Medicare and Medicaid Services (CMS), to implement enhanced protective measures, such as:

- Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering.
- Residents are continually monitored.
- Housekeeping is performing regular deep cleanings of the facility.
- Staff receives education and wears personal protective equipment (PPE) as recommended by the CDC.
- Group activities have been suspended and staff is providing individual activities for residents.
- We are implementing isolation protocols, as required.
- We encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will notify you through our website of newly confirmed cases of COVID-19 as well as when three (3) or more residents and/or staff present with new onset respiratory symptoms that occur within seventy-two (72) hours. May 27, 2020

Dear Residents and Families/Representatives,

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

During this unprecedented time of the COVID-19 pandemic, when so much is changing around us, we understand the importance of communication. As such, our facility strives to be transparent and provide you with up to date information regarding COVID-19 status and steps we are taking to protect our residents and staff.

Please note we will be conducting mass testing for both residents and staff on Monday, June 1, 2020, per the governor's executive order. A staff member from our facility will be contacting you to obtain your verbal consent for the testing of your loved one. The test will be sent to the lab for processing and once results are received you will be notified of the results.

Many of you have had questions regarding the opening of visitations. We realize you are eager to visit again soon and we are equally as eager to welcome you back into the facility to see your loved ones in person. However, at this time we continue to follow the CDC recommendations and the governor's executive orders for no visitation. We will continue to utilize facetime and phone calls to promote open communication between you and your loved ones.

As a reminder, we will notify you through our website of newly confirmed cases of COVID-19 as well as when three (3) or more residents and/or staff present with new onset respiratory symptoms that occur within seventy-two (72) hours. We will also update you with any new steps we are taking to prevent and reduce the risk of transmission of COVID-19. Our website address is www.oaklandnursingandrehab.com

Again, please check our website for more updates and information. If you have any questions or concerns please contact us directly 301-334-2319.

Sincerely,

Sheila Jones-Marino
