WEEKLY UPDATE

September 14, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We continue to mass test our employees on a weekly basis.

Everyone enjoyed the “resident choice meal” this past week. For this special meal, resident council members chose boneless BBQ ribs, baked potatoes with butter, cheese and sour cream (on the side), cooked broccoli and fresh corn on the cob they had shucked themselves. Topping off this special meal was strawberry shortcake for dessert.

We continue with our outdoor visits along with window visits at this time. Be sure to call the receptionist and schedule ahead and select the type of visit that best suits you and your loved one.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 301-334-2319.

Sincerely,

Sheila Jones-Marino

WEEKLY UPDATE

September 20, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We are continuing to test staff on a weekly basis.

It appears that fall has arrived in Oakland. With the onset of fall brings very crisp mornings and inconsistent temperatures even though we are experiencing bright and sunny days. As you are scheduling your outdoor visits, please keep in mind that inclement weather and temperatures may dictate your visit be converted to a window visit without advance notice. Please keep in mind that our residents are likely to be more susceptible to cooler temperatures than we are.

As a reminder, feel free to schedule a video chat or phone call through our activities department. Also, a reminder, we attempt to accommodate every resident call or video request. However, there may be times when your call or video chat may have to be canceled or rescheduled if your loved one chooses not to participate at the established time. Or activity staff will be touching base with you to refresh the call and video chat schedules for the upcoming weeks.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

WEEKLY UPDATE

September 8, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

We hope everyone is enjoying the opportunity for outdoor visitation, even though the weather was not especially cooperative this past week. It looks like plenty of sunshine on tap this week, so be sure to call our receptionist and get your visit scheduled. Also, be reminded that if an outdoor visit isn't the best choice for you and your family, we still offer the window visits as an option.

With Summer winding down, we enjoyed a Labor Day lunch of picnic foods – which is always a favorite with our residents. Hamburgers, macaroni salad, chips, watermelon, honey dew and cantaloupe. We will be offering fresh corn on the cob again soon, hand shucked by our residents. They absolutely love getting involved, for most it brings back memories a plenty of days gone by.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.
